

Church Matching Scholarship

At Montana Bible College, we are about the business of equipping our students for the business of furthering God's kingdom. MBC provides dedicated students with a quality Bible college education at an affordable price. To that end, we are honored to share with you the privilege of advancing the gospel of Jesus Christ. Would you partner with us by investing financially in the student from your congregation to attend Bible college?

Montana Bible College does not accept any federal or state funding, and yet our tuition costs are still considerably lower than other institutions. However, we need help to keep being an affordable school. What better way for your church family to encourage and endorse your student than by helping with a scholarship? With your support, MBC will match any scholarship you give up to \$750 per year. Of course, you are welcome to help beyond the \$750, but the College is currently able to match funds only to that amount.

Please consider this scholarship request as a ministry of your church. If you decide to help the student named below, you can send your scholarship directly to MBC with bottom portion of this application. MBC will acknowledge your gift, apply it to the student's account, and add the matching portion.

Thank you very much for prayerfully considering this ministry in the life of your student.

Student Name: _____

Church Name: _____

Amount Enclosed: _____
